## Cleaning with EvolveO<sub>2</sub>

### Daily Restroom Cleaning with EvolveO<sub>2</sub>

Every time you clean with EvolveO<sub>2</sub> you restore your restroom to its cleanest state. Streak free mirrors, renovated grout and odor destruction are just the beginning of what EvolveO<sub>2</sub> can do for your restrooms - while being safe for you, your facility and the environment.

EvolveO<sub>2</sub> will clean your entire restroom using a combination of Heavy Duty and Light Duty dilutions. Consult a wall chart to see where to use each dilution.

EvolveO<sub>2</sub> works best when you follow these simple steps.

**Step 1:** Use EvolveO<sub>2</sub> at a Heavy Duty dilution in a pump-up sprayer to thoroughly spray down toilets, urinals, beneath the toilet area, walls behind, partitions, feminine hygiene trashcans and high contact areas like door locks and handles.

**Step 2:** Use the spray bottle of Heavy Duty to clean counter tops, sinks and spray inside trash cans.

**Step 3:** Use the Light Duty in a spray bottle to clean mirrors, stainless steel and all other surfaces. Use clean paper towels on mirrors to ensure streak free results.

**Step 4:** Once the Heavy Duty sits for 5 minutes, detail and dry all toilets and urinal areas. Wipe down high contact areas like door handles and faucet knobs.

**Step 5:** With a mop bucket of Light Duty, mop the edges of the restroom, then mop the entire floor thoroughly.

**Tip:** Regularly wring out your mop and change the water when it's dirty.

**Tip:** All dilutions of EvolveO<sub>2</sub> are safe on all water-safe surfaces. If you are uncertain which EnvirOx product dilution to use on a surface, review your Wall Chart as a reminder.

### Carpet Cleaning with EnvirOx EvolveO<sub>2</sub>

EnvirOx EvolveO<sub>2</sub> will shampoo, spot, clean, de-brown, de-odorize, and neutralize carpet odors.

EvolveO<sub>2</sub> works best when you follow these simple steps.

**Step 1:** Use EvolveO<sub>2</sub> at a Heavy Duty dilution in a pump-up sprayer to saturate spots and stains.

**Step 2:** Apply product in a spray pattern to soak the carpet thoroughly. Let heavy duty sit for 10-15 minutes.

**Step 3:** Place your extractor in the area you first sprayed and operate as directed by the equipment's instructions.

**Tip:** To clean carpet spots and stains between carpet extractions, use EvolveO<sub>2</sub> in a spray bottle of Heavy Duty dilution to saturate the stain, then blot with a rag.

**Tip:** For heavily browned areas, manually measure a 15 oz per gallon dilution of EvolveO<sub>2</sub> and fill pump-up sprayer. Repeat steps 2 and 3.

### **General Cleaning with EvolveO<sub>2</sub>**

General Cleaning with EvolveO<sub>2</sub> covers a wide range of cleaning tasks including, windows, mirrors, desks, water fountains and all other water safe surfaces.

EvolveO<sub>2</sub> works best when you follow these simple steps.

**Step 1:** Spray surface thoroughly. Use light duty for low soil, shiny or glossy surfaces. Use Heavy Duty for more heavily soiled areas.

**Step 2:** Wipe clean. No rinsing is necessary.

**Tip:** For heavier soils let product sit for a few minutes then wipe clean.

### **Floor Cleaning with EvolveO<sub>2</sub>**

EvolveO<sub>2</sub> will give you an ultra clean, streak-free floor that shines with out leaving behind residues that attract dirt.

#### **Mopping Tips:**

- For best results begin mopping along the edges of the area then through the center of the floor.
- Replace mop bucket solution regularly to achieve truly gleaming floors.
- A double bucket mopping system is the ideal way to achieve superior floor cleaning results.

EvolveO<sub>2</sub> is also great in the auto scrubber.

Fill the auto-scrubber with Light Duty and use machine as directed by the manufacture.

---

**Tip:** When using an EnviroX product in an auto-scrubber for the first time you should completely flush out the auto-scrubber with clean water before filling the tank with EvolveO<sub>2</sub> Light Duty.

### **Tile & Grout Restoration Cleaning with EvolveO<sub>2</sub>**

EvolveO<sub>2</sub> works best when you follow these simple steps.

**Step 1:** Use a pump up sprayer of Heavy Duty dilution to saturate tile and grout.

**Step 2:** Let heavy duty sit for at least 10 minutes.

**Step 3:** Scrub by machine or hand.

**Step 4:** Mop or rinse several times with clean cold tap water to remove released soils.

### **Dispensing EvolveO<sub>2</sub>**

The EnviroX E2B2 dispenses light duty and heavy duty dilutions for cleaning.

Follow These Simple Steps

**Step 1:** Insert the one gallon bottle into the dispenser so the bottle snaps in place. Turn the key to lock the bottle in the dispenser.

Make sure the water hose is attached and turned on before dispensing product.

**Step 2:** Place the short hose in the heavy duty red bottle or pump up sprayer and press the red button to fill.

**Step 3:** Place the long hose in the light duty green bottle and press the green button to fill.

**Step 4:** Use the long hose to fill mop buckets and auto scrubbers.
